

Pierce College Weather Station Donation Instructions

Due to budget cuts state-wide at the community colleges, the Pierce College Weather Station has very limited funding. As you may know, maintaining a weather station with state-of-the-art equipment and free data posted online is very expensive to maintain. We want to continue this service for our students and community members, and collect vital data for the unique climate of Woodland Hills.

PLEASE READ CAREFULLY: If you would like help, you can donate (any amount would help) using “Donate” link on the Foundation Website (<http://foundation.piercecollege.edu/>). See picture below to find the “Donate” menu within the yellow circle:
